COVID-19 Update:

To our valued *customers, business partners and friends*:

It goes without saying that these are extraordinary times. We wake up each day with new challenges and we are quickly learning that disruption and uncertainty are every day experiences.

Our simple goal during these turbulent times is to ensure the safety and well-being of our employees, customers, and our communities. We will continue to strive to serve our customers in the manner you have become accustomed to and in the manner that we pride ourselves.

Although we remain open for business as normal, the following steps have been taken:

- We are following the guidelines of the CDC and other agencies.
- Anyone that can work from home has been requested to do so.
- All work areas, offices and equipment are being cleaned regularly throughout the day.
- Our employees are practicing strict guidelines for social distancing.
- Anyone who feels they might have been exposed or is experiencing symptoms of the virus has been advised to stay home and start a 14-day self-quarantine.
- Our main office, quarry scale houses, and ready-mix offices are closed to the public. We are temporarily not requiring customer signatures on tickets, our scale clerks/ or drivers are recording the appropriate information on the ticket.
- We are asking our customers and vendors to communicate digitally as much as possible.

As we go forward, we'll be sure to keep you updated. We remain committed to safely providing quality building materials to support America's infrastructure.
